

Welcome to KPMG OnDemand

ondemand.kpmg.com.vn

We all know that work demands are on the rise.

What's more they vary from week to week.

- We have the skilled professionals to meet unexpected or seasonal demand, end of month or year deadlines, periods of leave, or simply fill a gap between one employee finishing and another starting.
- That's exactly where KPMG OnDemand fits in.
- We quickly provide you with the right people at competitive rates.
- Whether you need assistance on a project, business analysis, or management reporting, there's no need to worry.

Resource gaps and peak or adhoc workloads often require immediate short term resources when you don't have the time to organize them. That's exactly where KPMG OnDemand can help.

Why KPMG OnDemand?

- KPMG OnDemand gives you direct access to our leading, highly skilled and trusted professionals when you need it.
- Our people are experienced tax, accounting and advisory professionals.
- We regularly train our people to ensure they are across the latest reporting and regulatory requirements.
- Our people are keen, capable and eager to work with your business.

Three Easy Steps

Booking an assignment is hassle-free and completed in three easy steps.

1. **Submit your assignment needs online by specifying why you need the resource.**
2. **Review your short list of candidates.**
3. **Select your KPMG Vietnam professional.**

That means you have a resource without going through:

- extensive screening or training
- reference checks
- unnecessary approvals, or
- interviews

Our Services

We can provide a wide range of capabilities through KPMG OnDemand, including:

Analytics

Analysing, reviewing, cleansing and transforming data to quickly synthesise and help you draw real insights from your data and make evidence-based decisions.

Bookkeeping

Assisting in the set up and review of appropriate accounting and record keeping systems, as well as the day to day recording of financial transactions such as purchases, sales, receipts and payments by the organisation.

Business & Process Analysis

Designing a more efficient and effective future state through understanding your business and its processes. For example, requirements gathering, business case development and process mapping.

Finance Administration & Reporting

Financial and management accounting related tasks such as reporting, reconciliation, compliance, accounts payable and receivable activities, payroll activities, tax filings, month-end and year-end needs.

Financial Modelling

Building and reviewing models for various purposes such as business cases, restructures, acquisitions/divestments, valuations, forecasts and budgets.

Management & Board Reporting

Assisting Senior Executives and Boards in developing materials for management reports and communications. For example, collation and analysis of program updates and communicating financial performance.

Project Administration & Reporting

Assisting in administrative management tasks such as project support, logistics, translation, project tracking and functional reporting to enable on time and on budget project delivery.
